

<p style="text-align: center;"><b>Agenda VR3d Adhesive Screen Protectors</b> 2.18"W by 3.25"H Cutout Template for the Agenda VR3d Screen Ver 1.0</p> <p><b>Single-Sided Laminating Sheets</b> Avery Self-Adhesive Laminating#73602 \$1.99 for two 8½ " x 11" sheets Laminatelt!™ by GBC \$7.99 for ten 8½ " x 11" sheets</p> <p><b>InkJet Window Decals</b> (easy to remove) Xerox Color Ink Jet Window Decals \$7.99 for five 8½ " x 11" sheets</p> <p>Avery Window Decals #3276 \$8.99 for six 8½ " x 11" sheets</p>	<p>TIPS: Use a pushpin and punch holes at each corner to mark the sheet for cutting. Line up template on top and outside edges of sheet to minimize scissor cuts. Remove a small notch at one of the corners to ease removal. Clean LCD screen thoroughly before applying sheet. Remove top ½ inch of backing to expose adhesive. Align carefully on left screen edge and attach it on screen from the top down. Use a credit card as a squeegee to prevent air bubbles. Use a smooth downward motion to apply sheet as you slowly peel off the backing. Credit to and more info @ <a href="http://www.dalecoffing.com/General/ScreenProtector/ScreenProtector.htm">http://www.dalecoffing.com/General/ScreenProtector/ScreenProtector.htm</a> for idea and original modified template.</p>
